

2024 PRODUCT GUIDE

FOUR LEAF ROVER

Our Mission Is To Make Natural, Earth-Friendly Products At An Affordable Price.

We believe all animals deserve a happy and healthy life. That's why our protein ingredients come from New Zealand pastured animals. We source our plant products from North America and Europe and choose organic ingredients whenever possible. We test our non-organic ingredients to make sure they're free of pesticides and heavy metals. We are stewards for all beings that share this planet and we feel it's important to support sustainable and ethical farming practices.

We also believe in clean products that are free of fillers and synthetic ingredients. Food is medicine and our simple yet powerful formulations are made from natural ingredients that come from the earth, not a lab.

We also believe in sustainable, earth-friendly packaging. Our jars come from 100% recycled plastics and are free of BPA. Our lightweight, home compostable packaging uses less fossil fuel than glass and is easily recycled back into more containers.

OUR STORY

Dogs and animals have always been a big part of my life. Early on, I knew that a good diet was the most important foundation for good health. And my dogs all lived long and healthy lives, free of allergies and illness.

But one day, my dogs were exposed to toxic farm chemicals. Within two months, two of my beloved dogs died from brain tumors. If I was to save the rest of my dogs, I needed to act fast.

As the founder of Dogs Naturally, I connected with many of the holistic vets I worked with. They helped me heal my dogs with natural foods and remedies. Today, my dogs are still thriving, thanks to simple additions to their diets. I created the Four Leaf Rover brand so I can share the same foods and success with millions of other dogs.

Dana Scott

Founder & CEO

PROTECT

Soil-based probiotics and prebiotics for everyday use.

SUPPORTS A HEALTHY GUT

Compared to other probiotics, soil-based probiotics are better able to survive the harsh gut environment. Protect also contains *Saccharomyces boulardii*, a beneficial yeast that can help maintain a healthy gut flora during antibiotic use.

SUPPORTS DETOXIFICATION

Protect contains chlorella, bentonite clay, humic and fulvic acid to help naturally detoxify from toxins, chemicals and pesticides.

WHOLE FOOD PREBIOTICS

Chlorella, organic dandelion root, burdock root and wild blueberries are antioxidants that also feed beneficial bacteria species.

30 day large dog supply

PRODUCT FEATURES

Protect is our #1 best selling probiotic. Safe for dogs of all ages, it's a foundational product that should be given daily.

The soil-based probiotics in Protect are less likely to cause Small Intestinal Bacterial Overgrowth (SIBO) than other probiotics and are much harder.

- Shelf stable
- Safe for all ages
- Supports brain health
- Rich in natural polyphenols
- Veterinarian formulated
- Free of maltodextrin
- No fillers or inactive ingredients
- Tested for pesticide residue
- Tested for heavy metals
- 30 day large dog supply
- Made with love in the USA

<i>(Bacillus subtilis, Bacillus coagulans)</i>	

INACTIVE INGREDIENTS: None

HAPPY RAMBO

Wow, this product made a major difference in his digestive system. I was so stressed until I started this probiotic prebiotic. It stopped the diarrhea and he is a happy little Yorkie!

GUT GUARD

Gut Guard is our answer to a stressed gut lining. Most dogs have some degree of gut issues, which can manifest as skin issues or chronic diseases. Gut Guard works to maintain a normal gut lining, which prevents undigested food, bacteria, yeast and viruses to escape the gut and wreak havoc with health.

ROBUST PROBIOTICS

Gut Guard features hardy soil-based probiotics plus *Pediococcus acidilactici*, a probiotic strain that beneficially targets the gut lining and helps maintain a normal inflammatory response.

GUT-SOOTHING HERBS

Gut Guard is a veterinarian formulated of probiotics and soothing herbs and foods that help maintain a normal mucus membrane layer and gut lining.

30 day large dog supply

PRODUCT FEATURES

An irritated gut lining can cause an inflammatory response that can mimic allergies, joint pain and other immune-related issues.

Gut Guard is a veterinarian formulated blend of probiotics, prebiotics, foods and herbs that can help restore a normal gut lining and immune response.

Give Gut Guard for 30 to 60 days, then give Protect as maintenance. Do not use Gut Guard for more than 60 days without a 30 day break.

- Shelf stable
- Veterinarian formulated
- Free of maltodextrin
- No fillers or inactive ingredients
- Tested for pesticide residue

INACTIVE INGREDIENTS: None

ALLERGIES

These products work and are less expensive than the injections and drugs that have bad side effects.

DIGEST

Digest is a blend of New Zealand grass-fed pancreas, digestive enzymes and soil-based probiotics.

SUPPORTS HEALTHY DIGESTION

The body can only make a finite amount of enzymes. Adding enzymes to the diet is an important way to support normal digestion and nutrient uptake, while supporting the pancreas from enzyme production fatigue.

FOOD-BASED ENZYMES

Digest contains bovine pancreas for a natural supply of digestive enzymes, in addition to plant-based enzymes. It's the perfect choice for older dogs, dogs eating a processed diet, dogs with pancreatic issues or dogs who can't produce enough enzymes.

30 day medium dog supply

PRODUCT FEATURES

Digest is an excellent choice for dogs who have trouble assimilating nutrients or dogs eating a lower quality diet.

Digest also contains a good supply of soil-based probiotics, which are hardier than other probiotics to help maintain a normal, healthy gut environment.

- Supports the liver and pancreas
- Shelf stable
- Veterinarian formulated
- Free of maltodextrin
- No fillers or inactive ingredients
- Tested for pesticide residue
- Tested for heavy metals

Fulvic acid	40 mg
Proprietary probiotic blend	6 Billion CFU
<i>(Pediococcus acidilactici, Bacillus subtilis, Bacillus coagulans)</i>	
Inactive Ingredients: None	
(*Certified organic)	

**REALLY
WORKS**

My dog got pancreatitis last August. Great improvement. His attacks are less and not as severe.

YEAST GUARD

Yeast Guard is a veterinarian formulated approach to yeasty dogs. This powerful blend of organic herbs like olive leaf and pau d'arco can help gently cleanse dogs from yeast overgrowth without harmful side effects.

This veterinarian formulated blend contains ingredients that are hard on yeast yet friendly to the gut.

Yeast Guard is most effective when given with digestive enzymes to break down yeast biofilm and probiotics to help maintain a healthy gut lining. We recommend the Yeast-Free Fido kit as a complete approach to yeast, but Yeast Guard is a good choice for dogs with beef allergies, especially if combined with Gut Guard.

30 day medium dog supply

PRODUCT FEATURES

This veterinarian formulated trio of products works synergistically and scientifically to help deactivate Candida, yeast and fungi and restore gut health.

Yeast-Free Fido is the safe and natural way to reduce and detoxify harmful yeast populations.

- Gently cleanses
- Veterinarian formulated
- Free of maltodextrin
- No fillers or inactive ingredients

TERRIFIC!

Archie's vet wholeheartedly approved of the product. And now all that dark hair/fur is back to its natural color! Terrific product! Thank you!

YEAST-FREE FIDO

A simple, 3 step process to help naturally detoxify from yeast and support a normal gut environment. This kit contains:

DIGEST

Supplies important digestive enzymes to help break down yeast biofilm.

YEAST GUARD

Gently cleanses the digestive tract and helps normalize yeast populations.

GUT GUARD

Helps maintain a normal gut lining to keep yeast populations in the gut and not in your dog.

Simply give all three products at once at meal time for 30 to 60 days.

PRODUCT FEATURES

This veterinarian formulated trio of products works synergistically and scientifically to help balance yeast populations and gently detoxify.

- Easy to use
- Pack pricing
- Gently cleanses
- Veterinarian formulated
- Free of maltodextrin
- No fillers or inactive ingredients
- Tested for pesticide residue
- Tested for heavy metals
- Made with love in the USA

RECOMMEND

This is the best product I ever bought for my yeasty dog. It started working within the first week. He no longer scratches and seldom licks his paws.

SEVEN 'SHROOMS

Seven 'Shrooms is a veterinarian formulated blend of seven carefully chosen organic mushrooms. Our mushrooms are organic and full fruiting body and never myceliated grain. They're double extracted for maximum bioavailability.

SYNERGY

Mushrooms work best in a synergistic blend, so we offer seven of the best immune enhancing mushrooms in one convenient serving.

LOW STARCH

Our dark powdered whole mushrooms are free of added grains. Many mushrooms products are myceliated grain, which contains less beta-glucan and a lot of starch. Don't get confused by imposters ... Seven 'Shrooms is the real deal!

30 day large dog supply

PRODUCT FEATURES

Demand for mushrooms for pets is growing exponentially! This veterinarian formulated blend delivers all the immune promises real, whole mushrooms have to offer.

- 3rd party tested for beta-glucans
- Double extracted
- Organic, whole mushrooms
- Grown on natural substrates, not grain
- No fillers or inactive ingredients
- Tested for pesticide residue
- Tested for heavy metals
- Made with love in the USA

Active Ingredients Per 1 Tsp

Organic turkey tail mushroom extract	243 mg
Organic chaga mushroom extract	243 mg
Organic cordyceps mushroom extract	243 mg
Organic phellinus mushroom extract	243 mg
Organic maitake mushroom extract	243 mg
Organic reishi mushroom extract	243 mg
Organic shiitake mushroom extract	243 mg

INACTIVE INGREDIENTS: None

WOULD HIGHLY RECOMMEND!

We love this product for our German shepherd. Can't go wrong with 7 different types of mushrooms. She's back running and jumping.

TURKEY TAIL

Turkey Tail is the ideal addition to Seven 'Shrooms or can be used as a standalone product. Turkey tail is one of the best researched mushrooms due to it's promising ability to help balance and promote a healthy immune response.

Turkey tail is also a nice entry mushroom for people who want the immune benefits of beta-glucans at a lower cost.

LOW STARCH

Our dark powdered whole mushrooms are free of added grains. Many mushrooms products are myceliated grain, which contains less beta-glucan and a lot of starch. Don't get confused by imposters ... our mushrooms are the real deal!

30 day large dog supply

PRODUCT FEATURES

Demand for mushrooms for pets is growing exponentially! This high quality mushroom delivers all the immune promises real, whole mushrooms have to offer.

- 3rd party tested for beta-glucans
- Double extracted
- Organic, whole mushrooms
- Grown on natural substrates, not grain
- No fillers or inactive ingredients
- Tested for pesticide residue
- Tested for heavy metals
- Made with love in the USA

Active Ingredients Per 1/4 Tsp

Organic turkey tail mushroom extract 458 mg

INACTIVE INGREDIENTS: None

FOUND THE ANSWER

This product has been a life saver. He's been taking it for 30 days, no more itching and paw licking is gone. I will never go without this stuff.

LION'S MANE

Lion's Mane for the brain. This unique mushroom is rich in hericenones and erinacines, which can help support cognitive and neural function for dogs of all ages.

Lion's mane mushrooms are the perfect choice for senior dogs that may be exhibiting stress or anxiety behaviors due to cognitive decline. Because it targets the nervous system, it's also an excellent choice to support dogs with nerve and spine disorders.

30 day large dog supply

PRODUCT FEATURES

Demand for mushrooms for pets is growing exponentially! This high quality mushroom delivers all the immune promises real, whole mushrooms have to offer.

- Rich in active ingredients
- Double extracted
- Organic, whole mushrooms
- Grown on natural substrates, not grain

Lion's mane mushroom extract 585 mg

INACTIVE INGREDIENTS: None

BRAIN FOOD

Three weeks in to this product and he is engaging much more, and seems to have more "get up and go"!

HARMONY

Skin problems aren't just skin-deep - they can be a sign that your dog's organs aren't healthy. Harmony is an exciting formulation that targets the root cause of seasonal and environmental allergies.

SUPPORTS A NORMAL HISTAMINE RESPONSE

Itchy skin is caused by histamine release. Harmony contains L-theanine, liposomal quercetin and Chinese skullcap to help regulate the mast cells and histamine release.

SUPPORTS NORMAL DETOXIFICATION

Organic broccoli sprouts initiate Phase II liver detoxification and spirulina helps detoxify the skin from everyday toxins.

30 day large dog supply

PRODUCT FEATURES

Healthy skin from the inside out!
Harmony is a veterinarian-formulated combination that's 100% natural, yet scientifically powerful.

- For seasonal and environmental allergies
- Supports a normal histamine response
- Helps with skin detoxification
- Supports healthy thyroid function
- No fillers or inactive ingredients
- Tested for heavy metals
- Made with love in the USA

Active Ingredients Per 1/4 Tsp

Organic broccoli sprouts	420 mg
Spirulina	350 mg
L-Theanine	250 mg
Organic nettle.....	250 mg
Organic marshmallow root.....	200 mg
Quercetin.....	200 mg
Bromelain.....	170 mg
Organic Chinese skullcap.....	170 mg
Organic cat's claw.....	130 mg
Organic Irish moss.....	50 mg

INACTIVE INGREDIENTS: None

AMAZING!

We used Harmony last summer and it worked amazing! Within 5-6 days on the product he stopped itching, chewing, etc.

GREEN ROVER

Green Rover is a natural source of sulforaphane, and important antioxidant that balances the immune response and helps with Phase II liver detoxification.

IMMUNE SUPPORT

The primary ingredient in Green Rover is organic broccoli sprouts, which are the richest source of naturally occurring sulforaphane.

PREBIOTICS AND ANTIOXIDANTS

Green Rover contains a wide array of organic, fermented grasses and sea greens for healthy guts plus added help for trace minerals.

30 day large dog supply

PRODUCT FEATURES

Green Rover is an easy way to add the health benefits of sulforaphane in a whole food form. Dogs love the taste.

- Organic antioxidant foods
- Whole food immune support
- A great source of sulforaphane
- No fillers or inactive ingredients
- Tested for pesticide residue
- Tested for heavy metals
- Made with love in the USA

Active Ingredients Per 1/2 Tsp

Organic Broccoli Sprout Powder 1 g
Fermented Greens 300 mg
(Organic Barley Grass, Organic Alfalfa Grass, Organic Oat Grass, Organic Wheat Grass, Organic Spirulina, Organic Agave, Organic Sweet Potato, Chlorella, Organic Dunaliella salina, Kelp)

INACTIVE INGREDIENTS: None

GREAT PRODUCT!

I feel like I am getting the best combination of greens into my dogs diet without having to worry about shopping around for the best organic vegetables. It's so convenient.

RED ROVER

A delicious and nutritious blend of organic blueberries, raspberries, apple skins and cranberries.

RICH IN POLYPHENOLS

Red Rover is a blend of organic berries and phytonutrients to support a healthy coat, gut flora and immune system. It's a convenient, daily serving of antioxidants, fiber and polyphenols including quercetin from organic apple skins.

GREAT FOR SENIORS TOO

With organic cranberries to support balanced bacteria in the urinary tract and organic wild blueberries to provide nutrients for the brain and support the health of senior animals.

30 day large dog supply

PRODUCT FEATURES

Red Rover is an easy way to add the health benefits of organic berries to your dog's raw or cooked meals. Dogs love the taste and you'll love the convenience.

- Organic berries
- A good source of prebiotics
- A good source of antioxidants
- A good source of vitamins
- A good source of quercetin
- No fillers or inactive ingredients
- Tested for pesticide residue
- Tested for heavy metals
- Made with love in the USA

Active Ingredients Per 1 Tsp

Organic Apples With Skin	900 mg
Organic Wild Blueberries	900 mg
Organic Raspberries	900 mg
Organic Cranberries	395 mg
Astaxanthin	5 mg

INACTIVE INGREDIENTS: None

RED ROVER

LOVE this product! It's a great substitute for the fruits your pup needs if buying fresh organic fruit is too expensive or time-consuming to deal with.

SAFE-SEA

Safe-Sea is a sustainable and healthy combination of New Zealand Green Lipped Mussel Oil and Ahiflower. This is the premium oil you've been waiting for!

SUSTAINABLE

Green Lipped Mussel oil is strictly controlled by the New Zealand government to ensure the supply is high quality and sustainable. Green Lipped Mussels are much lower in mercury, PCBs and dioxin contamination than other marine species.

COMPLETE

Safe-Sea contains Ahiflower, a plant-derived source of important omega fatty acids including GLA, an omega-6 fat associated with skin health and a balanced inflammatory response. Ahiflower contains 60% more GLA (gamma linolenic acid) than hemp oil.

PRODUCT FEATURES

It's what's inside Safe Sea that makes this product stand out. Each bottle is a premium blend of 3 pure, sustainable ingredients that are never heat treated.

- Sustainable
- Contains 30 fatty acids
- Significant source of ETA and GLA
- No fillers or inactive ingredients
- Tested for pesticide residue
- Tested for heavy metals
- Made with love in the USA

Active Ingredients Per ¾ Tsp

Ahiflower® Oil	2.3 g
SDA	480.5 mg
GLA	133.4 mg
Green Lipped Mussel Oil	50 mg
Astaxanthin	1.1 mg

INACTIVE INGREDIENTS: Organic Extra Virgin Olive Oil

GREAT PRODUCT!

My dog licks her bowl clean so it must taste fine to her! Her fur and skin have been great. I really like because I know exactly what the ingredients are!

HIP & JOINT

The natural approach to joint pain with just four simple but powerful ingredients.

NEM® EGGSHELL MEMBRANE POWDER

This high quality ingredient is well researched in dogs and humans for its ability to support healthy cartilage.

GREEN LIPPED MUSSEL POWDER

Our freeze-dried mussels are rich in GAGs, which are natural COX-2 inhibitors ... without the unwanted harm to the stomach and liver. Plus green lipped mussels are rich in chondroitin sulfate.

Hip & Joint also contains Poria mushroom, which is used extensively in TCVM for joint issues and natural, soluble curcumin.

30 day large dog supply

PRODUCT FEATURES

Hip & Joint is one of our most popular products with a high re-order rate. It's a smart, whole-food approach to healthy joints.

- A good source of chondroitin
- A good source of glycosaminoglycans
- Carbon tested curcumin
- Backed by research
- No fillers or inactive ingredients
- Tested for pesticide residue
- Tested for heavy metals
- Made with love in the USA

Active Ingredients Per 1 Tsp

Green Lipped Mussel	1,350 mg
NEM® Brand Eggshell Membrane	450 mg
Poria Cocos Mushroom	300 mg
Curcumin	150 mg

INACTIVE INGREDIENTS: None

MIRACLE WORKER!

One of my fur babies has hip dysplasia and was taking Previcox daily (over \$100/month)! I really wanted something more natural and decided to give Hip & Joint a chance. I'm so glad I did!

COLOSTRUM

Bovine Colostrum is called the “Forgotten Miracle.” Rich in lactoferrin, IgA and IgM antibodies, colostrum is a natural immune balancer. While it’s often used to support healthy skin, colostrum can also be effective for gut and immune support.

PURE SOURCING

Our bovine colostrum is from grass-fed and grass-finished New Zealand cattle. The colostrum is shared with the calf and is collected from small, ethical farmers.

THIRD PARTY TESTED

Every batch of colostrum is tested free of hormones and antibiotics and for a guaranteed antibody content.

30 day large dog supply

PRODUCT FEATURES

While most colostrum is sourced from conventionally raised cattle, our bovine colostrum is sourced from New Zealand grass-fed cattle. See the difference high quality sourcing makes!

- Ethically sourced
- A good source of IgA and IgM antibodies
- A good source of lactoferrin
- No fillers or inactive ingredients
- Tested for hormones and antibiotics
- Tested for pesticide residue
- Tested for heavy metals
- Made with love in the USA

Active Ingredients Per ¼ Tsp

rBGH-free Bovine Colostrum 550 mg

INACTIVE INGREDIENTS: None

NO BRAINER FOR ME!

I believe this product is really helping my Corgi with his allergy issues - itching, scratching, paw licking ... His wee chin is not nearly as red/raw and his pudgy paws are becoming less pink!!!

GUTS & GLORY

It's true! No guts, no glory. This tasty blend of New Zealand beef organs is a convenient way to get more variety into your dog's diet. After all, the organs are Mother Nature's multivitamins. Guts & Glory is organs made easy ... even for picky eaters.

ANCESTRAL NUTRITION

Wild dogs and wolves eat the organs of their prey first. They know that organs are Mother Nature's multivitamins - they're richer in minerals and amino acids than just meat.

Now you can return your dog to the wild with freeze-dried organs that are powdered and easy to feed. Guts & Glory is the ultimate way to top off kibble, cooked or raw diets..

30 day medium dog supply

PRODUCT FEATURES

Most commercial and home-made diets are lacking in organ meats. Guts & Glory makes it easy to find and feed the most important part of the canine diet

- From grass-finished New Zealand cattle
- Free of hormones and antibiotics
- Freeze-dried, never heat treated
- No fillers or inactive ingredients
- Tested for hormones and antibiotics
- Tested for pesticide residue
- Tested for heavy metals
- Made with love in the USA

Zinc (min)	0.11 mg

SO HELPFUL!

So happy to have this product! It is helpful for me to know that my puppy is getting important nutrients in an easy and convenient way!

BETTER BONES

Better Bones helps dog owners build their own raw and cooked meals with a safe source of bone. Our bones come from fully inspected Australian grass-fed cattle and are carefully air dried and powdered. The result is a natural source of calcium that contains 40 different minerals, amino acids and growth factors in the same proportions found in fresh bone.

Less natural sources of calcium like eggshell or seaweed calcium powder can be missing key minerals like magnesium and don't contain the growth factors found in real bone that support healthy joints and tissues. All dogs eating raw and cooked foods can benefit from healthy, natural bones.

PRODUCT FEATURES

Better Bones is a safer alternative to whole bones that's suitable for senior dogs, puppies and cooked diets. There's no need to worry about choking or splintering and no need to add incomplete or synthetic sources of calcium to cooked foods.

A good source of glycosaminoglycans

- A good source of growth factors
- A good source of trace minerals
- Highly bioavailable
- Supports healthy bones and joints
- Not heat treated
- No fillers or inactive ingredients
- Tested for hormones and antibiotics
- Tested for pesticide residue
- Tested for heavy metals
- Made with love in the USA

GREAT OPTION

My dog cracked a tooth (slightly) so my vet said it would be best not to give her bones. Better Bones is the perfect substitute and is very easy to incorporate into my dog's raw diet

LIVER/KIDNEY CLEAN

Liver/Kidney Clean is a veterinary formulated blend of organic mushrooms, foods and herbs that support and maintain normal liver and kidney function.

NATURAL DETOXIFICATION

Every day, dogs are exposed to toxins in their food, water and environment. The liver and kidneys break these toxins down and help exit them from the body. But, over time, they can be impacted by the toxins and start to decline. This puts not just the liver and kidneys at risk, but all of the organs.

Liver/Kidney Clean is the perfect way to gently cleanse the digestive organs every season or for ongoing support for the liver or kidneys.

PRODUCT FEATURES

This veterinarian formulated blend is made from carefully chosen organic mushrooms and herbs that are known to support a healthy liver and kidneys. It also contains organic broccoli sprout powder to help activate the critical Phase II liver detoxification.

- Veterinarian formulated
- Organic ingredients
- With whole mushroom extracts
- No fillers or inactive ingredients
- Tested for hormones and antibiotics
- Tested for pesticide residue
- Tested for heavy metals
- Made with love in the USA

ACTIVE INGREDIENTS (1/2 TSP)

Proprietary blend of
mushroom extracts & herbs 465 mg
(*Cordyceps, *maitake, *shiitake, *burdock root, *yellow dock
root, dandelion root, *marshmallow root, *reishi, curcumin)
Broccoli sprouts 100 mg
Milk thistle seed 100 mg
INACTIVE INGREDIENTS: None

TRUST WORTHY

*With a dietary change
and natural supplements,
such as Liver/Kidney
Clean, Kota's numbers are
better than normal!*

KIBBLE FIXER

Kibble Fixer restores the important hidden nutrients missing in cooked and processed foods. With a large array of digestive enzymes, hardy soil-based probiotics and antioxidants from organic fruits and veggies, Kibble Fixer adds life to processed foods.

The next generation of meal toppers: Kibble Fixer doesn't just make food taste great. It restores critical enzymes and probiotics that are damaged by heating and processing.

Rich in antioxidants: Provides immune-supporting polyphenols and antioxidants to fight free radical damage.

With organic greens & berries: Research shows dogs that eat greens daily are more likely to have a naturally healthy immune response.

No synthetic vitamins: Kibble Fixer fortifies dog foods with 100% whole food ingredients. No fillers. Nothing artificial.

PRODUCT FEATURES

Kibble Fixer isn't any old dog food topper. It replaces critical nutrients that are lost in cooked and processed foods.

- About \$0.50 a day
- Probiotics for a healthy gut
- Digestive enzymes to support the pancreas and digestive organs
- Antioxidants for glowing immune health
- Key nutrients for healthy skin

Guaranteed Analysis per 3/4 tsp

Crude Protein (min)22%
Crude Fat (min)4%

LOVE IT!

Kibble Fixer gives me the peace of mind that the homemade food I'm giving him is nutritious and not lacking any nutrients he needs.

MEAT MIXER

Meat Mixer is a super premium base mix of grass-finished beef and organic veggies, carefully freeze-dried for maximum nutrient retention. Just add ground meats from your local farmer or grocery store for a complete meal that's ready to serve in seconds.

You choose the protein: Variety is the spice of life! Meat Mixer allows you to use beef, turkey, lamb or other proteins.

Easy to serve: Mix a serving at a time or combine the entire bag with water and ground meat. Each bag is conveniently made so you can make your dog's meals in bulk, saving time and money.

Dogs love the taste: Picky eater? Meat Mixer contains a small amount of powdered veggies that mix with the meat to provide your dog with fiber and antioxidants.

Make ahead or à la cart: Mix a daily meal or mix the entire bag with 10 or 25 pounds of ground protein, freeze thaw and serve.

PRODUCT FEATURES

Meat Mixer makes cooked or raw meals in less than a minute. This lovingly crafted base of freeze-dried beef bones, organs and organic veggies delivers a premium, natural diet that dogs crave. Just add ground protein, mix and serve.

- With grass-finished organs & bones
- Contains over 50% beef ingredients
- For adults and puppies of all breeds and sizes
